著者:Crider, Michael

出版者:Perseus Books Group

出版时间:2007-8

装帧:Pap

isbn:9780738211060

A hilarious sequel to Michael Crider's popular book about becoming a father--a humorous look at the parental passage of becoming obsolete. From sleeping through the night to discarding diapers, new parents focus on getting their kids to the next stage. Michael Crider was especially anxious for his son to grow up: He looked forward to fishing trips, to playing ball, and to training Ryan to be dad's designated driver! And then something horrible happened: Crider got his wish, and the tot who could be silenced with a stuffed animal or a good burp had turned into a person who needed his parents less and less. From Ryan's first steps to his first ride on the school bus, Michael Crider's new Guy's Guide chronicles his feeble fatherly attempts to hang on to his little boy. Honest, heartwarming, and hilarious, it gives new meaning to "be careful what you wish for!"
