An indispensable guide to surviving the toddler yearsThe toddler years can be a challenging time for both new and experienced parents. The Everything "RM" Toddler Book is a complete guide to surviving these exciting and turbulent times when young, determined children begin to walk, talk, eat adult food, use a potty -- and learn the art of refusal.The Everything "RM" Toddler Book provides professional advice on every aspect of physical, emotional, and social development. Written in an easy-to-follow

style with a reassuring tone, this helpful book provides frustrated -- and often sleep-deprived -- parents the quick answers they need to their toughest questions. Includes: -- Great meals toddlers will actually sit still for and eat-- Soothing remedies for teething and other common problems-- Helpful advice on the best toys and games to play-- Travel tips -- from restaurants to airplane vacations-- Special concerns regarding siblings, both older and younger-- Hints for tackling the challenges of potty training
