著者:Ford, Judy

出版者:Red Wheel/Weiser

出版时间:2002-9

装帧:Pap

isbn:9781573248150

Most parents would agree that the teen years are the most challenging; Judy Ford shows that they can also be the most rewarding. In *Wonderful Ways to Love a Teen* she suggests 60 ways for parents to nurture, inspire, and encourage their children rather than attempt to control their child. Her ideas can help parents escape old patterns, rebuild a loving bond, and guide teens toward a healthy and happy adulthood. This edition features a new introduction by the author.
