出版时间:1997-01-05

装帧:Paperback

isbn:9780761107361

Completely nutty yet effective, this charming book for parents who want to tickle their

baby's funnybone--and their own--is like a book of parlor tricks, except that the person who's being entertained is six months old and often as impassive as a stone. Adult readers, especially those harried by the day-to-day details of caring for an infant, will rediscover their own sense of the absurd and delight in the suggestions and illustrations.
