

Why Kids Lie

[Why Kids Lie 下载链接1](#)

著者:Paul Ekman

出版者:Penguin Books

出版时间:1991-2-1

装帧:Paperback

isbn:9780140143225

Children tell a variety of lies, from little white lies to boasting and bragging, to the outright concealing of information, and they do so for a number of different reasons. Dr. Ekman explains what motivates children to lie, how lying changes at different ages, and how a child prepares a lie. Dr. Ekman tells parents how they can encourage truthfulness in their children in this informative guide. First serial to Psychology Today.
