This parenting guide presents seven principles for guiding and teaching children in today's turbulent learning environment. It replaces traditional adult-child formulas, rewards, and punishments with playful interaction, creative intelligence, and insight. With the goal of raising happy, healthy, intelligent young people, the book adopts

proven strategies that allow top athletes and others to perform at high levels, called variously "zone," "flow," and "play." Using these concepts, parents and other caregivers will learn how to create and maintain "Optimum Learning Relationships" with children of any age.
