170 Gymboree(R) activities that help parents discover new ways to play with their babies, toddlers and preschoolers. Gymboree -- The Parent's Guide to Play combines the best baby and toddler activities into one book that offers hours of fun for parents and their little ones. These kid-tested activities also provide children with a solid foundation for the skills they will need in preschool. With activities designed to stimulate imagination, expand vocabulary and build skills, the book features: Skill Spotlights, describing each activity's benefits Parental Tips and Research Reports,

explaining how a child develops Tips for using materials at home Words and clapping rhythms to songs. Organized by age, activities range from quiet observation and singing to boisterous climbing games and music-making. From interacting with a newborn, to engaging a toddler, to exploring the world with a preschooler, this book makes excellent use of the experience, wisdom and imagination that have made Gymboree(R) a famous brand name around the world.

书评

非常科学的与宝宝玩乐的方式，能够让宝宝在适当的时间做适当的动作，锻炼其肢体伸展能力已经行为能力，国内很多家长在宝宝一周岁之前不能科学的与宝宝互动，要么抱不离手，要么过早让他坐或走，在不适当的时间做与他身心发展不适当的动作，会影响宝宝以后的肢体能力。 这本书...
