To breed or not to breed? That is the question twenty-eight accomplished writers ponder in this collection of provocative, honest, soul-searching essays. Based on a popular series at Salon.com, Maybe Baby offers both frank and nuanced opinions from a wide range of viewpoints on parenting choices, both alternative and traditional. Yes: "I've been granted access to a new plane of existence, one I could not have imagined, and would not now live without."—Peter Nichols No: "I can sort of see that it might be nice to have children, but there are a thousand things I'd rather spend my time doing than raise them."—Michelle Goldberg Maybe: "As we both slip into our mid-thirties, my own personal daddy dilemma has quietly taken on an urgency that I frankly didn't expect."—Larry Smith From infertility to adoption, from ambivalence to baby lust, Maybe Baby brings together the full force of opinions about this national, but also intensely personal, debate.

这本书的结构非常喜欢，请一些选择不要孩子，在思考要不要孩子以及要了孩子的作家们说出自己的想法，非常诚实而中肯，中国什么时候有这样的书？
