So begins this controversial and enlightened book by Roger Schank, Ph.D., a world-renowned expert on teaming, who believes that every day of the school year our children are being failed by an academic system that does nothing to stir a lifelong passion for learning. In this lively, sometimes alarming book, Schank shatters the myths about how children learn and offers candid advice for parents who want to raise kids with gumption, ambition, creativity, inquisitiveness, and analytic and verbal proficiency.
