Our children's lives are filled with countless opportunities, both big and small, to make a difference in the world. And sooner or later, they will face adversity when we cannot be there to help them. Perhaps there will be a bully to deal with at school, an offer of drugs, or a life-threatening accident, attack, or illness. But eventually, in some way, life will demand that our children face fear, make choices, and take action. In this groundbreaking guide for parents, Charles Smith shows how to nurture the virtue of everyday courage in children. He explains how courage develops in eight stages from birth to early adolescence. And he provides solid information and practical ideas to help nurture courage at every one of those stages.
