Riveting vignettes show the inner and outer lives of women engaged in extramarital

affairs. In spotlighting the many influences that spur women to 'cheat' - from marital discord, childhood histories and sociopolitical history, to pop and postmodern culture - Dr. Praver neither condemns nor condones such affairs. Instead, she aims to help wives and husbands question their own desires and actions, recognise their own roles in marital problems, and become inspired to find creative solutions. This work is an intimate and comprehensive examination of wives' desires for extramarital affairs. It includes vignettes from younger and older wives, as well as working, stay-at-home and remarried wives, from those with and without children, and from those who turn to same-sex affairs. The authoritative and scholarly underpinnings are presented in a reader-friendly style that will appeal to all women, as well as clinicians and academics. Readers who are involved in or considering extramarital affairs will feel supported, validated, and inspired to enter into a dialogue for change. This book and its vivid case studies, filled with dialogue that allows readers a front-row seat in the therapy room, will inspire one to listen and learn without harsh pejorative judgements. While the issues here are profound, this book is always evocative and enjoyable.
