isbn:9780850526950

Jochen Peiper was one of the most colourful and ruthless of the unconventional type

of leader thrown up by the SS in the Second World War. Notorious for his participation in the massacre of American soldiers at Malmedy in December 1944, he might have felt he had paid the price when he was released from prison in 1957. But as Charles Whiting vividly demonstrates, a grisly end still awaited him.

评论

这书竟然没有参考文献！而且写的太简略了

whiting的书不就那样嘛zzzz
