出版时间:2007-4

装帧:Pap

isbn:9780811733885

"The Savage Sky" is as close as you can get to experiencing aerial combat while still staying firmly planted on the ground. This book gives the reader a first-hand look at war from inside a B-17 bomber in WWII. The writing is vivid and intimate, describing the bitter cold at altitude, gut-wrenching fear, lethal shrapnel from flak, and German fighters darting through the bomber formation like feeding sharks.
