With more than 1,100 images and a text written by respected author and veteran Colonel H. Avery Chenoweth, this tribute to the U.S. Marines shines with all the pride of the Marines themselves.

Salute the few, the proud, the Marines. From their founding in 1794 to their most recent actions--including the second battle of Falluja--the entire history of the U.S. Marine

Corps comes vividly to life in these lushly illustrated pages. Pore through the comprehensive images of nearly every Marine hero, uniform style, sidearm, saber, weapons platform, recruiting poster, plane, helicopter, boat, and mess kit. Many of the photos were shot recently right at the Historical Center at Quantico, Virginia, and they include rare and never-before-seen artifacts from the Marines' long history. Colonel H. Avery Chenoweth provides fascinating background information and context to compliment the visual journey.

爸爸送的新年禮物T▽T 【The Few, the Proud! There are a number of books on the Corps, but this is one of the best. The book itself is well produced and handsomely presented, and for the price, a solid bargain, certainly for any Marine, or anyone else interested in the history of the Marine Corps. 】
