This book takes a sometimes harrowing, often humorous, and occasionally tragic look at the Marine Corps from the inside out in its struggle with the insurgency in Iraq. Drawing from personal experience in the confusing, deadly conflict currently being fought in the streets and back alleys of Iraqi towns and villages, Danelo focuses on the young Marine leaders - corporals and sergeants - whose job it is to take even younger Marines into battle, close with and destroy an elusive enemy, and bring their boys back home again. Sadly, there are losses, but true to the Marine Corps spirit, they soldier on,

earning their blood stripes the only way they know how - the hard way.
