isbn:9781846030765

Osprey's study of French Resistance fighters of World War II (1939-1945). Working as an underground force, the French Resistance was initially formed spontaneously from

scattered groups of men and women, inspired by the leadership of men like Charles de Gaulle.

As the war progressed the Resistance developed into a secret army, terrorizing the forces of occupation and would-be collaborators alike, despite being excluded from the protection of the Geneva Convention, which left them facing torture and execution if captured.

Striking photographs, coupled with first-hand accounts of capture and its terrible consequences, depict an engaging and human history of the French Resistance fighter. Terry Crowdy details the military achievements, tactics, backgrounds, and motivations of the men and women of the Resistance, whose actions helped to ensure the success of the D-Day landings and the liberation of France.
