You no longer need a traditional employer plan to get good, affordable health insurance. The New Health Insurance Solution can help you cut your health insurance costs in half if:

- \* You are self-employed, an independent contractor, or your employer doesn't provide health insurance (you can probably get coverage on your own for about \$94/month--a fraction of what an employer would have to pay for the same coverage)
- \* You are employed and pay extra to cover your spouse or children under your employer-sponsored plan--you may save 50% by taking them off your employer plan
- \* You own a small business and are getting killed by double-digit premium increases--you can now give employees tax-free money to buy their own plans and get your company out of the health insurance business
- The book also explains in detail the best solutions for you if:
- \* You can't find affordable health insurance because you or a child have an expensive preexisting medical problem (your state has a program to provide you with guaranteed coverage)
- \* You are currently putting money into an IRA or a 401(k)--because you don't realize that an HSA is always a better option
- \* You are unsure how you or your parents will be able to afford health insurance during retirement, or how to maximize benefits from Medicare--including the new Part D prescription drug plan
- The New Health Insurance Solution is the definitive guide to the new ways every American can now get affordable health care--without an employer.
