H. P. Lovecraft is best known for his fiction, but he spent a great portion of his creative energy on his poetry. "The Ancient Track" collects the complete poetry of one of the twentieth centuries most iconic writers. The great majority of these poems were written between 1914, and 1920, the period of Lovecraft's heaviest concentration on poetry. Lovecraft's poetry may be regarded as the lesser of his literary output, but it merits collection precisely because it is an important ancillary to his other more well known forms of creative endeavor. Prior to the publication of "The Ancient Track", Lovecraft's poetry had been scattered across several different volumes whose textual accuracy has not always been exemplary, while several pomes had been uncollected. "This is an essential tome for every self-respecting Lovecraftian..." - "Publishers Weekly".
