Culled from two dozen poetry books, and drawing from six decades of her writing life, *The Selected Poems of Denise Levertov* offers a chronological overview of her great body of work. It is splendid and impressive to have at last a clear, unobstructed view of her ground-breaking poetry—the work of a poet who, as Kenneth Rexroth put it, "more than anyone, led the redirection of American poetry...to the mainstream of world literature."

作者介绍:

Described by Publishers Weekly as "at once as intimate as Creeley and as visionary as Duncan," Levertov was lauded as "one of the indispensable poets of our language, one of those few writers to whom it is necessary to pay attention" by The Malahat Review.

A collection filled with vivid imagery. One is frequently forced to recall and at times question the 'everyday' events that we so often neglect.
