Winner of Kore Press' 2004 First Book Poetry Award, judged by Carolyn Forché. Fries grew up in Pennsylvania and has since lived, and written, all over the country. She writes of returning to Pennsylvania ten years ago: a return to her past and to the genesis of her poetry. Various Modes of Departure is a venture into her origins—fraught with early Americana and family legacies of love and strife—as well as her necessary journey beyond those origins and into a fully realized individuality.
