Renata Pallottini has been a national treasure in Brazilian literature since the 1950's. Her poetry is a mirror of the real world, reflecting all the contradictions of everyday life; balancing between lies and truth, illusions and frustrations, pain and pleasure, life and death. There is no dividing line between the heart and the brain, the real and the imaginary, the sophisticated and the simple. The very essence of Brazilian life - of life in general - is given breath in her work. Bilingual Portuguese/ English.
