著者:Miller, E Ethelbert

出版者:Consortium Book Sales & Dist

出版时间:2004-4

装帧:Pap

isbn:9781931896047

In this wide-ranging collection of lyrics, dealing with such themes as family, love, racism, and war, E. Ethelbert Miller sets his scenes against the backdrop of the stark realities of contemporary life, here and abroad. As both his love poems and political poems attest, Miller believes with full faith in the transformative powers of love and understanding. His poems on friendship and love are tender, often whimsical. His political poems are evenhanded and compassionate.
