The complete poems of the great British poet -- admired by Pound, Yeats, and Zukofsky -- containing his masterwork "Briggflatts."

作者介绍:

Basil Cheesman Bunting (3 March 1900 – 17 April 1985) was a significant British modernist poet whose reputation was established with the publication of Briggflatts in 1966. He had a lifelong interest in music that led him to emphasise the sonic qualities of poetry, particularly the importance of reading poetry aloud. He was an accomplished reader of his own work.
