This Norton Critical Edition seeks to return Keats—one of the most beloved poets of the English language—to his cultural moment by tracking his emergence as a public poet.

For this reason, this volume presents the writings in the order of publication rather than composition. Readers can trace the poems through letters, reviews, and related material chronologically interleaved with the texts themselves. This edition offers extensive apparatus to help readers fully appreciate Keats’ s poetry and legacy, including an introduction, headnotes, explanatory annotations, and a wealth of contextual documents. “Criticism” includes twelve important commentaries on Keats and his poetry, by Paul de Man, Marjorie Levinson, Grant F. Scott, Margaret Homans, Nicholas Roe, Stuart Sperry, Neil Fraistat, Jack Stillinger, James Chandler, Alan Bewell, and Jeffrey N. Cox.

评论

非常好的选本，读了几通书信，留待精读！

翻了一遍1818年后的信，读了Hyperion. A Fragment，看了Andrew Bennett对其的短评。搁置。

每首诗前附有非评论史梳理型的简要说明。亮：此本提供了CB版本和济慈手稿。（Jack Stillinger版本也有，但符号太多看得脑壳疼，没这本直观）

长诗无感。。

这个集子选的诗和书信都很好，排版也看着极其舒适。一级棒！

开课前准备。
