著者:Anthony Hecht

出版者:Random House Inc

出版时间:February 25, 1992

装帧:Pap

isbn:9780679733577

A renegade in his own way, Hecht is the top formalist at work in America today.

作者介绍:

Anthony Evan Hecht, (January 16, 1923 – October 20, 2004), was an American poet. His work combined a deep interest in form with a passionate desire to confront the horrors of 20th century history, with the Second World War, in which he fought, and the Holocaust being recurrent themes in his work.
