装帧:Paperback

isbn:9780393308501

Filled with sharp irony and passionate insight, the more than 100 poems in the collection span the career of one of the deans of contemporary poetry. . . . Ammons makes you laugh and forces you to think hard about the way humans relate to natural phenomena and to themselves. From such simple, short expression emerge complex, often confounding ideas. New readers of poetry as well as those with an active interest in lyric verse will love this volume. Booklist
