出版者:Paul & Co Pub Consortium

出版时间:2006-6

装帧:Pap

isbn:9781550712452

The poems in "Courage Underground" burrow beneath the skin to examine the relationship between consciousness and body. They penetrate hidden emotions contained by vital organs; they enter the sensibilities of lower order creatures and characters of the mythic underworld. The journey elicits new perspectives on loss and alienation that are both hilarious and startling.
