America Zen: A Gathering of Poets (Bottom Dog Press, 2004) features the work of thirty Zen-inspired poets, from veterans Seido Ray Ronci, Jane Hirshfield and Andrew Schelling to newer faces on the scene, such as Shin Yu Pai and Paul Skyrms. Editors Larry Smith and Ray McNiece include a selection of four or five poems by each contributor, a biographical sketch and a personal statement from the author about his or her relationship to Zen Practice.
