出版时间:January 1997

装帧:Hardcover

isbn:9780333670026

Poets, novelists and critics committed to genuinely creative thinking join together in this collection of essays to explore what serious reading really means to them. Although to varying degrees opposed to current trends in literary theory, the contributors are more concerned to show what, as distinct individual voices, they stand for rather than merely against. They each provide a personal vision of what reading and writing can offer to the reality of a human life, in terms of independent thinking and dynamic feeling.
