著者:Plath, Sylvia

出版者:Harpercollins

出版时间:2004-11

装帧:HRD

isbn:9780060732592

Upon the publication of her posthumous volume of poetry, *Ariel*, in the mid-1960s, Sylvia Plath became a household name. Readers may be surprised to learn that the draft of *Ariel* left behind by Sylvia Plath when she died in 1963 is different from the volume of poetry eventually published to worldwide acclaim. This facsimile edition restores, for the first time, the selection and arrangement of the poems as Sylvia Plath left them at the point of her death. In addition to the facsimile pages of Sylvia Plath's manuscript, this edition also includes in facsimile the complete working drafts of the title poem, "Ariel," in order to offer a sense of Plath's creative process, as well as notes the author made for the BBC about some of the manuscript's poems. In her insightful foreword to this volume, Frieda Hughes, Sylvia Plath's daughter, explains the reasons for the differences between the previously published edition of *Ariel* as edited by her father, Ted Hughes, and her mother's original version published here. With this publication, Sylvia Plath's legacy and vision will be re-evaluated in the light of her original working draft.
