A woman vanishes in the fog up on "the Hill", an area locally known for its tranquility and peace. The police are not alarmed; people usually disappear for their own reasons. But when a young girl, an old man, and even a dog disappear, no one can deny that something untoward is happening in this quiet cathedral town. Young policewoman Freya Graffham is assigned to the case; she's new to the job, compassionate, inquisitive, dedicated, and needs to know - perhaps, too much. She and the enigmatic detective Chief Inspector Simon Serrailler have the task of unraveling the mystery behind this gruesome sequence of events. From the passages revealing the killer's mind to the final heart-stopping twist, The Various Haunts of Men is an astounding and masterly crime debut, the first in what promises to be a magnificent series featuring Simon Serrailler.
