isbn:9780977801800

In Taylor Wilshire's first award-winning novel, *The What-if Guy* humor, tools for a healthy relationship and spirituality are combined to make for a fun and insightful "chick-lit" read. Using aspects of the successfully popular book, *A Course in Miracles*, Wilshire has created a story that will make women laugh as well as teach them the benefits of mediation and a mind at peace. She tells them how to find a soul mate, that miracles can happen, and the transforming power of forgiveness.
