Aspiring psychologist Amanda Rykowsky's schedule is certifiable. Between study, bartending, and an internship with a sex therapist whose techniques would make a Playboy bunny blush, there's zero time for romance. Still, Amanda is flattered to receive an anonymous Valentine...until the messages take a sinister turn. Stockbroker William Sloan swears he's not the one sending Amanda cards, but he suspects the culprit's intentions are more dubious than sharing a box of Godiva. Something about gorgeous, determined Amanda brings out the usually reserved William's inner he-man, and he insists on acting as a decoy boyfriend. With a fake relationship masking some very real lust, it's only a matter of time before William and Amanda give in to the sweetest of temptations. And once he's dealt with her secret stalker, William's next mission is to strike Amanda with Cupid's arrow...

三星半，慢节奏扣掉半星，本来我是当小黄书看的，结果都看了五分之四了男女主还没睡！！！真是岂有此理。。。不过书写得很俏皮很可爱，每个人物性格都很清晰，男女主的人设为了言情小说的走向也是有点过于别扭了，老套的大俗团圆结局也是意料之中。520刚好要恋爱啦！
