A mother-to-be far from borne...

As a member of Montana's Angel Fleet, Mick Callen has airlifted injured climbers before. But this time is different-because he's more than a little attracted to one of the women he's rescued. However. Hana Egan's situation is complicated; not only is she badly hurt, she's pregnant.

Hana has no father for her baby, and although she's afraid to give up her independence, Mick wants to take

care of her. Theirs might not be the most conventional route to love and family, but he flies her to Los Angeles, where Hana can recuperate and where her son will be born. A baby in December.
