From using crackpot psychics to cutting-edge forensics, Arthur Bryant and John May are famous for their maddeningly unorthodox approach to solving crimes that the ordinary police cannot. Now Christopher Fowler, “a new master of the classical detective story,” \* brings back crime detection’s oddest—and oldest—couple to solve the ultimate locked room mystery.

It’s an “impossible” crime—a member of the Peculiar Crimes Unit killed inside a locked autopsy room populated only by the dead and to which only four PCU members had a key. And to make matters worse, the Unit has been shut down for a forced “vacation” and Bryant and May are stuck in a van miles away in the Dartmoor countryside during a freak snowstorm on their way to a convention of psychics.

Now, with Sergeant Janice Longbright in charge at headquarters, Bryant and May must crack the case by cell phone while trying to stop a second murder without freezing to death. For among the line of snowed-in vehicles, a killer is on the prowl, a beautiful woman is on the run from a man who seeks either redemption or another victim, and an innocent child is caught in the middle.

Weaving together two electrifying cases, *White Corridor* is an unforgettable triumph—by turns hilarious and harrowing—as two of detective fiction’s most marvelous characters confront one of human nature’s darkest mysteries: the ability to deceive, deny, and destroy.

## 评论

节奏太慢，内容比较杂，前13章和案子真得没什么关系。密室解答某种程度上合理但比较雷…其实第一起案件解答中还是有亮点的，不过总体比较平庸…本来看完第一个解答已不抱太大期望了，但第二起案件解答倒也让人有少许惊讶（主要是用了某诡计）虽然用的不是很完美，不难看出，倒也算是个惊喜了。最后说一句，作者其实挺幽默的，只是借此灌的水有点多。。。大约三星半吧…p.s.:推理成分满少的
