A unique edition of Through the Looking-Glass, one of the world's best-loved stories, illustrated by Peter Blake, one of the leading figures of Pop art best known for the Beatles' Sgt Pepper's Lonely Hearts Club Band album cover. Ten fabulous watercolours by Blake accompany the complete text of this classic of children's literature, bringing the story alive for a new generation of readers - and for those who last read it in their childhood. Includes a special 'behind the scenes' interview with Blake, in which the artist discusses the ideas and influences behind his illustrations and reveals his visual sources.
