It's the city's most infamous after-hours haunt—a glittering hotbed of deals and debaucheries. The sordid death of Philip Stilwell sends shock waves through the Alibi Club...for there's much more to Stilwell's untimely end than a sex game gone wrong. His murder and the desperate attempt to keep a deadly weapon out of German hands will bring together the strands of a twisted plot of betrayal, passion, and espionage—one connected to the Alibi Club...and to the most explosive secret of the war.

As the Nazis march on Paris and the crisis escalates, four remarkable characters are swept into the maelstrom. Their courage will change the course of history.

Epic and yet intimate, a seamless blend of fact and fiction based on a little-known episode of the war, *The Alibi Club* is a thriller of fierce and complex suspense by a writer whose own life in the spy world makes espionage come uniquely alive.
