"The bees flew away to an island in order to pollinate the most brilliant idea we have read in a Greek book in years." -"Vitrine" magazine Following the death of his beekeeper father, P Rodakis lives a solitary life in the old family house on a Greek island. He takes in a young fugitive woman and her daughter. Thanks to his father's secret recipe, they produce delicious honey that becomes highly sought after. P Rodakis is captured and imprisoned by a jealous monk who wants the power of the honey for himself. Rosa goes in search of her real father and incest and imprisonment become the themes explored in this powerful novel.
