Mercedes Lackey and Rosemary Edghill are the biggest names in the urban fantasy subgenre - where elves, banshees, trolls, and even stranger creatures walk modern city streets, their presence, and even their existence unsuspected by the human inhabitants. Now these two present a volume of all new urban fantasy, with a stellar line up of the best new fantasy writers, such as Roberta Gellis, Dave Freer and Eric Flint, Diana Paxson, and more-including two new stories and an after world by Mercedes Lackey herself, as well as a new story by Rosemary Edghill. This is an indispensable volume for fans of urban fantasy in general, and the thousands of fans of Mercedes Lackey in particular.
