Cinderella remixed: an uninhibited, unputdownable novel about a small-town girl and the music mogul determined to turn her into a megastar. When twenty-year-old Mimi travels from a small town in Ohio to New York for an audition with Lamont Jackson, head of the hottest hip-hop label in the business, she has no idea that her life is about to change overnight. The moment Lamont hears the beautiful young singer's silky voice, he signs her up in a bid to find mainstream success beyond the hip-hop charts. Soon Mimi is rocking the chicest designer clothes, hanging with an A-list crowd, and being escorted through the velvet ropes into the city's most exclusive clubs. But everything comes with a price. As Lamont's new female star, Mimi is given the full

makeover treatment. Fading supermodel Vanessa de la Cruz restyles bohemian Mimi into a ghetto fab glamour girl with outrageous shopping sprees at Prada and Gucci; Lena Whitaker, the hip-hop obsessed daughter of a powerful attorney, is handpicked by Lamont to become her club-hopping sidekick; and Mimi can't quite tell if her spotlight-craving record producer, Daryl "Country D" McHenry, is friend or foe. As Mimi is seduced by the clothes, money, and decadent lifestyle of her new crowd, she comes to see that Lamont's own future in the recording industry rests on her inexperienced shoulders. Cinderella never felt pressure like this. Fast-paced, sexy, and wickedly hilarious, Bling is a page-turner that grabs the reader from the very first line. Taking us inside the glittering world of New York's hip-hop scene with an unforgettable cast of characters, smart dialogue, and a whole lot of attitude, Erica Kennedy grabs the microphone and makes it clear that she is a major new voice.
