isbn:9780812507423

A sweeping epic of prehistory, "People of the Earth" brings the true story of the ancestors of today's Native American peoples to life in an unforgettable saga of hardship and passion, of a woman torn between two peoples and two dreams, of the

two men who love her and the third who must have her, and of the vision given to the peoples long ago by the spirit of the wolf. Once again, bestselling authors and archaeologists W. Michael Gear and Kathleen O'Neal Gear bring North America's forgotten past vividly to life.
