Melody Fox, disillusioned psychologist, is the only person who suspects the sudden death of Grant Fisher, her husband's friend and business partner, was not due to a previously undiagnosed bad heart. She has absolutely nothing to support her gut feelings--at first. Melody begins delving into places she shouldn't go and finds answers to questions she wished she'd never asked. The tenacious Melody Fox finds herself in perilous, life-threatening predicaments as she attempts to uncover the truth about the prestigious Scottsdale Anti-Aging Clinic and Grant Fisher's death. A quintessential shattered dream...an undaunted search for truth...and an exhaustive struggle for survival turn Melody Fox's once tranquil life into a daring excursion. Beverly Ungar moved to Santa Fe, New Mexico, in 1994 from Davenport Iowa. She has also resided in London, England, and Hanau, Germany. She has been the owner of an award winning advertising agency in the Midwest, co-hosted and produced a weekly movie review television program, and has been marketing director for an Indian casino in New Mexico before becoming a novelist. She is currently working on her next book in the Melody Fox Mystery series.
