In real life, Roto, Boromid and Ah-Dol are average kids with average problems, but in the virtual world of Lost Saga, they're heroes! They might even become legends...if they can stop bickering long enough to level up. Whether it's werewolves running rampant or a gorgeous pair of troublesome thieves, our boys must be ready for anything, because in Lost Saga nothing is what it seems and murder can happen with a click of a mouse. Hee-Joon Son, creator of TOKYOPOP's PhD: Phantasy Degree, has crafted an unforgettable fantasy world filled with medieval monsters, magical weaponry and endless imagination.
