著者:Laurence Sterne

出版者:Dover Publications

出版时间:2007-04-19

装帧:Paperback

isbn:9780486456485

A forerunner of psychological fiction, and considered a landmark work for its innovative use of narrative devices, Sterne's topsy-turvy novel was both celebrated and vilified when first published. Originally released in nine separate volumes, it is in effect an exercise about the difficulties of writing. Impossible to categorize, it remains a beguiling milestone in the history of literature.
