Silverlight--the hot new web technology based on the powerful WPF graphics platform that ships with Windows Vista--is the web developer's choice for creating cross-platform interactive applications that work in multiple browsers. This one-of-a-kind reference shows you, with full-color illustrations, how to create rich

interactive apps with Silverlight.

In these color-filled pages, a crack team of Wrox experts gives you a comprehensive introduction to Silverlight. You'll see the vivid graphics and video images you can achieve. You will learn to use the component languages, tools, and techniques of Silverlight to create applications that enhance the user experience. You'll also discover how to leverage existing technologies, such as JavaScript(r), XAML, ASP.NET, and AJAX, and incorporate them with development tools like Visual Studio(r), Expression(r) Encoder, and Expression Blend. Soon you'll be building everything from basic static pages to Internet applications that integrate rich media and animation.

What you will learn from this book

- * Easy ways to incorporate graphics, animation, audio, and video into Internet applications

- *

Methods for creating rich media apps that run on Windows(r) and Mac(r), as well as in Internet Explorer, Firefox(r), and Safari

- *

How to write standard JavaScript within an HTML page to manipulate and program against any XAML DOM element, storyline animation, or video

- *

Ways to integrate Silverlight within existing HTML pages, web sites, and ASP.NET applications

- *

How to handle data access in Silverlight applications using AJAX

Who this book is for

This book is for professional web developers who want to take advantage of Silverlight's capabilities to create rich interactive applications.

"[This book] makes a great companion for anyone who wants to learn the fundamentals of Silverlight without wading through the reference material in the SDK. If you're looking for a trustworthy guide to show you how Silverlight can light up your web applications, you'll find this book a great starting point."
