isbn:9783899553017

Light is a magical medium for creative experimentation that architects and designers are currently using to produce a broad spectrum of exciting work. Bright presents a rich selection of these innovative projects that are setting current trends in the creative use of light. Featuring both stunning photography and detailed text information, the book

is not only an up-to-date reference tool for professionals working in the fields of lighting design, architecture and art, but also sheds new light on the future of architecture and design.
