China's post-Mao economic reforms have generated and sustained economic growth, unprecedented rises in real income and living standards, and have transformed a long-time insular economy into a major trading nation. China now figures prominently in international policy debates about what is to be done to transform the stagnating economies of Eastern Europe. As a gradual rather than an abrupt transition to the market, with public industry protected rather than subject to privatization, China's reform path has confounded the widespread and deeply held belief that gradual reform and public ownership simply cannot work. The contributions to this volume draw out the policy and theoretical implications of China's transitional economy. They lay out the notable features of China's reform path, analyse the successes and failures of the reform, and discuss whether they can be sustained, or whether the uncertain leadership transition, growing potential for social instability, and continuing problems of unemployment, uprooted rural populations, deepening political corruption, and declining central power point to a future fraught with risk and instability. After an introduction and overview by the editor, the first two chapters ask whether China enjoyed advantages that may have made its reform path easier than those of Eastern European countries. The next four chapters examine various dimensions of China's economy: agricultural commerce, property rights, foreign trade, and macroeconomic stability. Two subsequent chapters examine the role of political institutions, and the final chapter, synthesising the lessons of China's reforms, critiques the dogmatism of some economic analysis and calls for greater institutional and historical realism.

把魏昂德的书全下架了的老弟，我只能祝您身体健康叻

-
- 1.关于抗日战争那部分极为幼稚。你就是对岸国民党现在也不敢说共军在抗战中贡献微小。不信你去问史迪威？
 - 2.前两章看完我都想弃了……如果是大陆这帮史学家很多没卵子……以作者为代表的很多汉学家显然没脑子。
 - 3.贵港青年只看这种书，极端偏激不奇怪。我们这儿是只许伟光正，错误的部分不让说；他们那儿是伟光正当然不说，但是错误的部分有点胡说。
 - 4.动不动就说这是最好的共和国30年史……看少了吧？

读china under mao 感觉一般

代标《脱轨的革命》。没什么干货，基本上是作者基于自己的理解将其他史学家的研究成果拼凑而成，且参考史论是否正确也有待商榷。由于史论的断层，从而导致前后矛盾，逻辑混乱。如关于大跃进的起源及毛发动“批林运动”。本书着重陈述运动过程，而不深究运动形成的原因与造成的结果对毛本人的影响。作者认为毛在建国后所发动的政治运动，仅仅是毛在1920年代接受的斯大林教条，而忽略TG内部的党争。简单来说，毛一直所倚重的“阶级斗争”，不是必要的社会变革，而是极权的重要手段。总之不建议作为通史及通识读物。
