Hello, parent!

books have been designed –

- * for parents to read to children
- * for children to read to parents
- * for children to read themselves

--- to make your child a better reader.

High-interest stories make reading fun! Stories have been tested for vocabulary and sentence length to help you make the right choice! A letter from an education specialist gives you valuable advice on how to read to your child and how to listen to

your child read to you!

"Learning to read is one of the most important accomplishments of early childhood"

----- Francie Alexander, Reading Specialist
