isbn:9781880401781

Fully updated and substantially expanded, this second edition of the well-known ACCP publication will enable practicing pharmacists and pharmacy students to develop knowledge and skill to measure and evaluate economic and patient-based outcomes. Learn How to Measure and Evaluate Economic and Patient-based Outcomes

Access to TreeAge decision-analysis software is a new feature for this edition that allows the user to analyze decision models presented in the publication.

Learn How to Measure and Evaluate Economic and Patient-based Outcomes

Pharmacoeconomics and Outcomes: Applications for Patient Care introduces the reader to the terminology and basic components of health economics, outcomes research and pharmacoeconomics. The text identifies a strategy for designing a research question, a process for conducting a pharmacoeconomic evaluation, and sources of data for economic outcomes analysis.

The text includes an extensive series of economic and humanistic assessments, their purpose and application. Economic outcomes measures include cost-of-illness analysis, cost-minimization analysis, cost-benefit analysis, cost-effectiveness analysis, cost-utility analysis, decision analysis, Markov modeling, and sensitivity analysis. Humanistic outcomes measures include health status, patient satisfaction, work outcomes, and patient-based assessments.

New and updated chapters include:

Evaluating and Justifying Clinical Services by Glen T. Schumock, Pharm.D., M.B.A., BCPS, University of Illinois at Chicago; Melissa Butler, Pharm.D., University of Illinois at Chicago

Using Pharmacoeconomic Methodologies to Develop Health Policy by Judith L. Glennie, Pharm.D., M.Sc., FCSHP, J.L. Glennie Consulting; Neil MacKinnon, Ph.D., Dalhousie University

Markov Modeling by Dan Touchette, Pharm.D., M.A., Oregon Health Sciences University; Daniel Hartung, Pharm.D., Oregon Health Sciences University

Types of Economic and Humanistic Outcomes Research Questions by Lisa Sanchez, Pharm.D., PE Applications; Kathy Bungay, Pharm.D., FCCP, The Health Institute

Investigating the Outcomes Research Question by Jane Osterhaus, M.S., Ph.D., FCCP, Wasatch Health Outcomes; J. Gregory Boyer, Ph.D., Accreditation Council for Pharmacy Education

The Structure of U.S. Health Care Delivery System by Jack E. Fincham, Ph.D., University of Kansas

Measuring Work Outcomes by Debra Lerner, Ph.D., M.S., The Health Institute; Kathy Bungay, Pharm.D., FCCP, The Health Institute

Data Sources and Tools for Measuring Humanistic Outcomes by Michelle M. Chapman, Pharm.D., BCPS, New England Medical Center

Cost-Minimization Analysis by Emily Cox, Ph.D., Express Scripts
