The story of the wooden puppet who learns goodness and becomes a real boy is famous the world over, and has been familiar in English for over a century. From the moment Joseph the carpenter carves a puppet that can walk and talk, this wildly inventive fantasy takes Pinocchio through countless adventures, in the course of which his nose grows whenever he tells a lie, he is turned into a donkey, and is swallowed by a dogfish, before he gains real happiness. This new translation does full justice to the vibrancy and wit of Collodi's original. Far more sophisticated, funny, and hard-hitting than the many abridged versions (and the sentimentalized film) of the story would

suggest, Ann Lawson Lucas's translation captures the complexity of Collodi's word-play, slapstick humour, and immediacy of dialogue. An adult reader will recognize social and political satire, and the invaluable introduction and notes illuminate the cultural traditions on which Collodi drew.

"When bad boys become good and kind, they have the power of making their home bright and new with happiness." —"The Adventure Of Pinocchio". /Amazing story.

-----

The story is more realistic than the animation. It's interesting to find out that when Pinocchio was a wooden boy, the world seems evil and something bad happened to him, while after he turns to be a real boy, it's full of happiness. Well the real world always sucks, isn't it?

-----  
the story is so long, emarionette became a real boy。

-----  
听的audiobook 不知道哪个版本了…… 男声 念得蛮拼的 吓唬小孩子让他们学乖的故事 小时候看过书 那时候印象就不太好 只记得匹诺曹颠簸流离……

-----  
The language's so cute

-----  
I'm still the puppet sometime, and luckily I've got my own Fairy. Sometimes we despise the obidient fools, but the fact is we are more likely to be fool if not obidient, it requires wisdom the choose what or who to obey.
